Local Impact

With our quick success we've been able to donate \$20,000 to Exploration Place for hands on Summer camps for kids, help sponsor Mathcounts for the Wichita region and are working to offer grants to K-12 teachers locally.

In 2019 we were able to support 764 youth, grades 1st-5th who got to spend one of 10 weeks discovering the world of Science & Engineering!

2021-2022 Mathcounts were virtual but we were still able to support the schools and students who participated with some scholarships.

Thanks to all of our previous sponsors!
