President's Message

Hello WSPE members:

Thank you to all who participated in EWeek. We didn't have as many students participate in Engineer for a Day this year due to the virtual format, but we hope to be able to have the students back next year and do it in person. The virtual Mathcounts was low on turnout as well, however we did have several students advance to the State Mathcounts competition; congratulations to those students from Robinson Middle School and good luck!

Our meeting this month will be on March 31st. We are joining with DBIA and SMPS to hear from Jeremy Hill, Director of the Center for Economic Development and Business Research at Wichita State University. He's going to be talking about the current economic conditions, economic drivers for the Wichita and Kansas economies, and general expectations over the coming months. This is one meeting you don't want to miss! Check your emails for the meeting signup through Eventbrite or [click here](#).

Thank you to everyone who submitted a nomination for our Engineering Awards this year. Nominations are now closed this year. We will be finalizing the nominees and announcing our winners soon.

MATHCOUNTS Update

Chapter competitions were held virtually this year on February 25. The top 5 students from our Chapter advanced to the State Level Competition which will be held virtually on March 25. The students who advanced are:

Bo M Lu

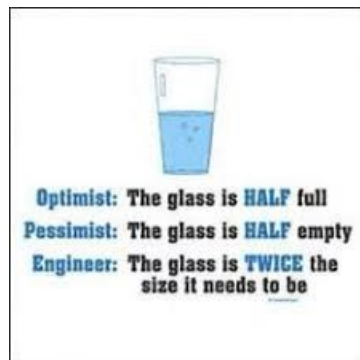

Jolyn D Jacobs-Garza

Ben Allen

Tri M Lam

Calder Smartt

All students are from Robinson Middle School in Wichita, KS. If you know any of these smart young adults, please say congratulations!
